Guidelines for Certification of Documents

What Supporting Documents are required?

- Certified copies of all academic qualifications (school, college, university).
- Certified copy of English language proficiency test (IELTS, TOEFL, or equivalent).
- If the documents are not in English, include certified translations. Translations can only be made by an official translator registered with a government body (for example, NAATI - National Accreditation Authority for Translators and Interpreters - www.naati.com.au) or by those agents which have been designated as translators.
- If you have changed your name since your document was issued, include official document as proof.

All documents must be clear and readable.

What is a Certified Copy?

A certified copy is a photocopy of an unaltered original document signed by an authorised certifying officer to verify that it is a true copy that matches the original document exactly.

Certified documents must be original; photocopy of a certified copy is not acceptable. Certified documents can be accepted in hard copy by mail or by fax or email. However, all successful applicants must be prepared to bring their original documents with them to Australia and present them for examination when requested. If any fraudulent documents are discovered, appropriate action will be taken which will result in the withdrawal of an offer or the termination of an enrolment.

Applicants from People’s Republic of China should provide original or certified copies of transcripts in both Chinese and English which must be the certified bound booklets issued by a Notary Public Office in both Chinese and English.
