Acknowledgement of Country
UNSW is located on the unceded territory of the Bidjigal (Kensington campus), Gadigal (City and Paddington Campuses) and Ngunnawal peoples (UNSW Canberra) who are the Traditional Owners of the lands where each campus of UNSW is situated.
UNSW College, owned by UNSW Sydney, offers pathway programs for international students like you. Our programs make your transition to any degree at UNSW Sydney easy, whether you choose to study at the Sydney campus, in your home country or online. You can master important academic and English language skills, get practical experience, and personal support to make the most of your university studies. When you progress to UNSW Sydney, you will join a world-leading university that turns ideas into action to advance progress for all. You will discover and grow your strengths through life-changing experiences and inspirational mentoring from world-renowned academics. We are here to support you on your journey to a world-class education and help build the foundations for a successful global career.

*To progress to UNSW Sydney students must meet the progression requirements for their chosen pathway program.
Australia's most employable graduates

At UNSW Sydney we are incredibly proud that our graduates are recognised as the most innovative, creative and entrepreneurial in Australia.* From the very first day you learn the skills and get the opportunities and support you need to excel well into your future. That’s why our graduates now work with some of the most sought after employers and global organisations, such as Google, Unilever, Ernst & Young, Microsoft, Rio Tinto, HSBC, Slater & Gordon, NASA, UNESCO and Oxfam.

Australia’s #1 university for employment and career outcomes
Australian Financial Review Best Universities Ranking, 2023
QS World University Rankings, 2024

Most employable students for five years in a row

Highest median graduate salaries of Go8 universities
QILT Graduate Outcomes Survey, 2022

*QS Graduate Employability Rankings, 2022
UNSW prepares you for lifelong career success

Develop a flexible, long-term career plan

UNSW Employability is a service all UNSW students have access to. Our Roadmap to Employability: Discover, Launch, Grow will help support your unique career goals and enable you to become a global graduate. We will help you:
• Recognise and build on your professional strengths
• Identify opportunities and plan a career path
• Think critically and creatively for lifelong career success

Make an impact with employers

The knowledge, skills and experience you gain will help you stand out when going for that dream job. Learn how to express your professional best with:
• Internships and practical experiences integrated into your studies
• Development of a strong online presence, as well as improved resume and cover letter writing skills
• The ability to understand and respond to complex interview questions
• Personalised career mentoring that offers connections, support and insights
• Introductions to exciting companies at industry networking events
• Experiences that build your confidence and reputation

You can make this happen

UNSW Employability supports you with individual career coaching, mentoring and job-seeking skill development.
For more information, visit unsw.edu.au/employability

Work Integrated Learning at UNSW builds practical work experience opportunities like internships into your degree.

Real graduates, real stories

Discover what UNSW College is like from students who have studied here, graduated from UNSW Sydney and are enjoying success in their dream careers.

“The UNSW Diploma provided me with the necessary knowledge and experience to be able to transition to my undergraduate study at UNSW as smoothly as possible. The program also helped me to leverage both hard and soft skills such as presentation skills, communication skills and time management. With the preparation for my undergraduate study through the program, I was able to perform well and finish my undergraduate degree in Bachelor of Engineering (Honours) in Renewable Energy Engineering smoothly. I was able to achieve my dream career and I am now working as a Graduate – Plant Performance Engineer at RES Australia.”

Aileen Inez Widjaja, Indonesia
Diploma in Engineering graduate

*Graduate of UNSW Diploma in Engineering, now known as UNSW College Diploma of Engineering. Please see back page for more details.

Aileen’s journey

Diploma in Engineering at UNSW College

Bachelor of Engineering (Honours) at UNSW Sydney

Plant Performance Engineer at RES Australia
“UNSW College provided the same subjects as UNSW first year. However, they were delivered in 12 weeks instead of 10. This allowed me to have more time to adapt to the new environment and teaching style. But at the same time, I was educated with the same material and learning outcomes...I was well prepared in the electrical fundamentals subject, and this helped to succeed in many later subjects.”

Megan Michelle Wong, China
Diploma in Engineering graduate
*Graduate of UNSW Diploma in Engineering, now known as UNSW College Diploma of Engineering. Please see back page for more details.

Megan's journey

Diploma in Engineering at UNSW College
Bachelor of Electrical Engineering at UNSW Sydney
Rail Graduate Engineer at WSP

“Being a UNSW College student, I had the opportunity to not only meet friends from different backgrounds but also to experience smooth transition to studying, living, and working in Sydney through the sheer amount of support from teaching staff, and hands-on activities.

The experience I had in the program became the foundation of my endeavours in UNSW, especially in learning cultural dynamics in Australia. It was my first stepping stone to becoming more confident working within different contexts thanks to the College experience, which helped me to get into university societies, my internship, and my graduate role today.”

Gianfelix Goenawan, Indonesia
Transition Program graduate
*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information.

Gianfelix’s journey

Transition Program at UNSW College
Bachelor of Commerce/Computer Science at UNSW Sydney
Software Developer at Quantium
Let your interests guide you

Passionate about equality and social equity? Enjoy working with numbers? Or are you more interested in innovation and new solutions? Whatever your interests are, you can turn them into a thriving career with a UNSW degree.

UNSW College’s programs help you get into the right UNSW degree, and give you the English language, study and social skills you need to thrive at university. Complete a diploma to go directly into Second Year of a degree in Architecture, Commerce, Computer Science, Engineering, Media & Communication or Science.

Progress into First Year of any UNSW degree when you complete a Foundation Studies program or Transition Program. Choose a stream of study – from Commerce or Actuarial Studies to Design and Physical or Life Sciences. Let your passion guide you to a UNSW degree.

See pages 52-60 for more information on entry requirements.
Explore UNSW faculties

Discover a career you love with a UNSW degree. Choose a UNSW faculty or program based on your passion and find the right UNSW College pathway to get you there.

Pursue your passions and future proof your career with universal skills in creative arts, education, society & culture, architecture & built environment and more. Design the future you want with UNSW Arts, Design & Architecture.

We prepare you to lead the future of healthcare. Pursue a career in medicine, exercise physiology, exercise science, physiotherapy, pharmacy, dietetics & food innovation, international public health, vision science or clinical optometry with UNSW Medicine & Health.

Stand out with career-ready skills and hands on experience. Work on renewable energy, coding and computing, food and health sustainability, aerospace and future vehicles with UNSW Engineering.

Choose from over 30 study areas across the physical, natural and human sciences, and discover your own path with UNSW Science.

Find the right path for you on page 26.
Discover Sydney

From the white sails of the Sydney Opera House to the glistening surf of world-famous Bondi Beach, fall in love with Sydney’s endless wonders.

Ranked the 3rd best student city* in the world, Sydney combines world-class education with an unrivalled lifestyle. Safe and welcoming, with an amazing climate, it is a melting pot of culture, cuisine and offers limitless opportunities to explore.

Beyond iconic landmarks, natural beauty and amazing restaurants, Sydney is Australia’s financial and economic powerhouse – offering a wealth of business and career opportunities. There’s always something to do in Sydney – and at UNSW College you’re in the heart of it all.

G’day mate!
Australians are known for their laid-back and friendly attitude, which may be why Sydney has been ranked one of the safest cities in the world.** Filled with vibrant multicultural communities, it feels like a home away from home, no matter where you’re from.

Get ready for business
Sydney is home to more international firms than any other Australian city. As a gateway to Asian economies, you will find many valuable networking opportunities to help you stand out in the global job market. With UNSW College and UNSW Sydney’s career support services, you will feel confident about establishing new professional networks.

Take a break from the books
There’s always something fun and exciting happening in Sydney. Check out the colourful lights playfully illuminating the city during Vivid Sydney or attend an open air concert in the Domain. See the latest play at the Opera House or watch your favourite band play at local favourites including Metro Theatre or the Roundhouse!

And for sports fans, stadiums including the Sydney Cricket Ground and Allianz Stadium host world-class events from cricket and rugby to soccer and athletics.
Sydney on a budget

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Visit a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in suburbs like Surry Hills, Newtown or Darlinghurst. Join a student social club and try a new hobby with new friends.

Discover new tastes

Sydney’s food is inspired by its multicultural community, fresh local ingredients and creativity. From fine dining to cheap eats, you can taste your way around the world, with an array of culinary gems on your doorstep. Explore Chinatown, Spice Alley, Little Italy and a wide selection of fresh food markets all close by.

Discover Sydney’s natural beauty

Sydney is all about the outdoors – and it’s easy to see why. Go for a swim or learn how to surf at Bondi Beach only a short bus ride away or explore one of the many stunning hiking trails in the majestic Blue Mountains. Have a picnic harbourside at the Royal Botanic Gardens, throw a frisbee around at Centennial Park or catch the ferry over to Taronga Zoo and spend the day with the animals and some spectacular views.

8 minutes by bus.
Your UNSW College life

Join us on the UNSW College campus and become part of a thriving global community. Find your new home in our beautiful coastal city, make lifelong friends and gain valuable skills and experiences for a successful career.

Everything you need is right here
UNSW College’s Kensington campus is minutes away from UNSW Sydney, giving you access to many accommodation options, cafes, sporting facilities and study spaces. Health services like a medical clinic, doctor, optometrist, dentist and physiotherapist, as well as free, confidential psychologists are all on campus to help you look after yourself.

And when it’s time to hit the books, you can study at one of UNSW’s indoor computer labs or outdoor study areas.

Your new social calendar
Explore your new home and get to know the city better with an introductory tour of Sydney. Join new friends on organised day trips to some of the most iconic places – spend a day at Luna Park, visit the majestic Blue Mountains, or say hello to koalas and kangaroos at Taronga Zoo. And for a night out with friends, head to UNSW’s iconic Roundhouse bar for concerts, dance parties and plays.

Find work in Sydney
As an international student, you can have a part-time job while you study, and full-time during holidays. Join one of our resume writing or personal branding workshops and learn about your work rights to make sure you find the right job for you. Our Student Services team can also help with your job search in Sydney. Check your visa rules to make sure you’re allowed to work at immi.homeaffairs.gov.au.

“UNSW College provides me with multiple guidance & support throughout my learning process here. The college’s faculty and staff are determined to help me excel both academically and non-academically by providing incredible support and resources. In addition, the student body organisation “Arc” allows me to get involved in various societies and meet people with the same interests to grow together.”

Gilbert Nevin Sitera, Indonesia
Diploma in Business

*Current student of UNSW Diploma in Business, now known as UNSW College Diploma of Business. Please see back page for more details.
Join the club
You can also meet new people and follow your passion at one of the ARC’s 300 social clubs and societies. From politics and religion to art, sports and community, there’s a club that meets your interests.

Volunteer with UNSW College
Our volunteers help plan and run student activities and welcome new students through tours and open days. And when you become an undergraduate student, you could be considered for UNSW’s Ambassador Program – which offers paid work experience and opportunities to represent UNSW. To find out more information and how to join, email volunteer@unswcollege.edu.au.

Make your voice heard as an SRC member
Our Student Representative Council (SRC) is involved in every aspect of college life – from helping to organise student rights campaigns to fostering and supporting safe spaces within our community. If you’re passionate about standing up for student rights, join the SRC at UNSW. student.unsw.edu.au/cocurricular/student-representative-council-arc-unsw.
Your university journey begins on our UNSW College campus, which has been designed to enhance your student experience. From the Student Common Room and Student Hub to the courtyard – all areas feature student-focused furniture layouts, with relaxed seating, lounges and areas for private group work or individual study. In classes, you’ll learn from high-quality, experienced teachers and have access to all the academic and personal support you need – it’s the perfect place to get university-ready and prepare for academic success. With world-class facilities at your fingertips on the UNSW main campus, you can immerse yourself in university life.

“UNSW College offers many resources for academic and student life support. UNSW College has offered student support, clubs, and the study club to help me achieve my best in my selected program. Additionally, UNSW College has provided me with facilities such as the law library and L5 building that are available for all UNSW students.”

Carsten Soe, Indonesia
Diploma in Business Student

*Current student of UNSW Diploma in Business, now known as UNSW College Diploma of Business. Please see back page for more details.

Small classes
with an average of 20 students, so you receive individual attention.

University experience
with lectures and tutorials, for an easy transition to university learning.

Expert teachers
who are committed and experienced in teaching international students in an engaging and supportive way.
Reach your full potential

Achieve your academic goals with our range of services and online resources. Our Student Services team is here to help you achieve your study goals and keep you on track during your UNSW College journey.

**Personalised learning support**
Ask questions and get additional one-on-one or small group support from experienced teachers, available every week. Receive academic assistance from UNSW student peer leaders at our after-hours Study Club.

**Practise English with new friends**
Join the Conversation Club for a fun way to improve your speaking skills. Chat about things that interest you outside of the classroom and make new friends as you go.

**Learn new skills**
Join small group workshops designed to help you master more challenging ideas and skills.

**Access top facilities**
With UNSW’s world-class library, design studios, engineering and science labs, online resources and sports facilities, you can reach your potential faster.

**Feel safe and welcome**
Every member of our UNSW College community deserves to feel safe and welcome, especially on campus. At UNSW College we are committed to providing a safe learning environment and an inclusive campus experience for everyone.
At UNSW College we are here to support you every step of the way. Our Student Experience team will help you manage life at university. From advice on accommodation options and getting set up at UNSW College, to helping you study more effectively and looking after your health and wellbeing. If you need support or just have a question – we are always here.

The right start at UNSW College

Support from day one
We are here for you from day one. Once you’re enrolled at UNSW College, our dedicated support teams are here to help you manage life at university. Prepare for your studies at UNSW College with one of our wellbeing, study support and orientation sessions. We can even pick you up from the airport, at an additional cost.
Your Orientation on campus
Orientation is compulsory to attend for our new students. It provides you an essential introduction to studying at the College and includes resources, events and information sessions designed to set you up for success. You can enjoy lunch with your new classmates, meet teachers and support leaders and take a UNSW campus tour with our student volunteers who are very excited to meet you.

Welcome Week
Join in activities and fun social events across Welcome Week so you can get to know your fellow students and get comfortable with campus life.

And once you have settled in, you can explore our beautiful city and harbour by joining some of our social activities.

For more information, visit
unswcollege.edu.au/experience/student-services
UNSW has a variety of on-campus accommodations to suit your needs, and also provides advice about off-campus accommodation. Whether you want to walk to your classes or be close to the beach or the city, you can choose to live on campus, in an apartment or join a share house and rent privately with friends. We can help you select the accommodation that works best for you.

**Under 18s**
If you are under 18 years of age and not living with a parent or guardian you will be required to live in UNSW College approved accommodation. We have different styles of approved accommodation options, from on-campus college experiences to living with Sydney families through homestays.

**Over 18s**
If you are over 18 years of age you can choose to live in one of our UNSW managed colleges or affiliated colleges on campus. For a more independent lifestyle, living with other UNSW students, you can consider UNSW apartments on or off campus.
Cost of living

If you’re living abroad or out of home for the first time, managing your expenses is an important skill to master. You don’t want to be worried about running out of money while trying to focus on your studies! So, before you join us, it’s important to think about the costs of living and studying in Sydney, even if you’ve got support from back home. As of May 2024, the Australian Department of Home Affairs requires students to have the financial capacity to cover living costs of at least $29,710 per year (not including tuition fees).

For more information, visit [unswcollege.edu.au/experience/cost-of-living](http://unswcollege.edu.au/experience/cost-of-living)

Wi-Fi available in all accommodation options. Wired available in some options.
If you are under 18 without a parent or a guardian in Sydney, our Under 18 Care Program is perfect for you. We make your experience living and studying in Australia fun, easy and safe.

Our dedicated team is highly trained to help you with all aspects of life in Australia, whether it’s arranging the right accommodation, supporting your studies or looking after your health and wellbeing. We will assist with your transition to UNSW and help you plan for university.

You will have access to regular workshops helping you develop skills for success. Regular meetings with Student Wellbeing Advisors will keep your studies on track and your health and wellbeing in check.

**Under 18 visa requirements**

If you are under 18 years old and want to study in Australia, you can meet additional visa requirements in two ways.

1. Join the UNSW College Under 18 Care Program. You will need to complete some forms to apply but our friendly Admissions team will guide you through the process.
2. Live with your parent or nominated guardian in Sydney. You will need approval from the Australian Department of Home Affairs.

For more information, visit [unswcollege.edu.au/experience/under-18-care](http://unswcollege.edu.au/experience/under-18-care) or [immi.homeaffairs.gov.au](http://immi.homeaffairs.gov.au) and search for 'Welfare arrangements for students under 18'.
Peace of mind for parents
We offer information sessions and webinars to help parents understand visa and enrolment requirements, university processes and expectations, and help them support you if you are studying online. Our Student Wellbeing Advisors will communicate with your parents about your progress, health and wellbeing. They also work closely with various teams to ensure you feel supported and safe throughout your UNSW journey.

“When I joined UNSW College, I was still under 18 and UNSW College made sure I was safe and healthy at any given moment, so I genuinely felt secure though being a minority without any family members in Australia. With excellent support from academic and student support teams, I did not need to worry about any external factors that could potentially affect my student life.”

Patrick Aung Khant Min, Myanmar Foundation Studies Graduate, UNSW College

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information.
Choose your own path

Take your first step towards UNSW
Prepare for university and make the most of your studies with our pathway programs. Choose from a range of options that suit your academic and English language skills, and the degree you plan to study. Master your skills and learn university recognised content, so you can meet entry requirements and start your UNSW journey with confidence.

Start your future at university
Once you successfully complete your pathway program and meet the entry requirements, you will be guaranteed a place in your chosen UNSW degree.

Get the support you need
You should consider a UNSW College pathway program if you are an international student and you:
• completed a High School qualification that is not recognised by UNSW
• need additional support to help you progress from high school to university studies
• have not met the entry criteria for a UNSW degree
• have not finished high school
• need some additional English tuition.
Explore our pathways

Your goals are personal. Just like our pathway programs. Discover how they can prepare you for your journey through university – and beyond.

Diplomas
Get into second year at university with this 12-month program. Study Architecture, Business, Computer Science, Engineering, Media & Communication, and Science. See more on page 39.

Pre-Masters
Our Pre-Masters program provides the extra academic or English language support you need to confidently enter a UNSW Sydney postgraduate degree. See more on page 38.

Foundation Studies
Prepare for First Year at university and start your degree strong with supportive programs designed for your skill level. See more on page 42.

Academic English
Improve your English so you can focus on your studies and reach your full potential. See more on page 46.

*You may need to complete an Academic English program before you start your pathway program. For more information on entry requirements, see page 52.
Meet your academics

Yichelle Zhang
Business

After completing a Bachelor of Commerce followed by Postgraduate Research at UNSW Sydney to complete her Masters in Philosophy, Yichelle started lecturing undergraduate and postgraduate courses. In 2008 Yichelle began lecturing with UNSW Sydney and in 2021 began teaching at UNSW College.

“I love sharing my passion of learning with the students, and seeing their interests and skills develop and mature. I also love learning from my students as they share their experiences and cultural backgrounds with me during class.”

Dr Karen Black
Life Sciences

Karen began teaching in 1992 as a laboratory demonstrator, while undertaking her Doctorate (PhD) at UNSW Sydney. In 2017 she began teaching Foundation Studies Biology laboratories for UNSW College and later worked to develop the Diploma program Biology subject before becoming Course Convener.

“I find international students so inspiring – taking on the challenge of studying far from home and learning in a language that in most cases, is not their first language. I think they are incredibly brave and it inspires me watching them gain confidence and independence.”
Dr Majid Malekpour  
Engineering

Majid began teaching as a casual tutor and laboratory demonstrator while completing his Doctorate (PhD) at UNSW Sydney. In 2019 he joined UNSW College as an academic staff member, developing and teaching Diploma subjects.

“For me, teaching is a deserving career that requires not only a comprehensive knowledge of the content with absolute professionalism, but also deep commitment and passion. I have a firm belief, as my learning and teaching philosophy, that a lecture must be an inspiration for the future generation of engineers, a motivator to help them engage with the subject and enjoy every moment of their studies, both on campus and at home.”

Dr Thomas Murphy  
Chemistry

Thomas began teaching casually in 2012 while completing his Doctorate (PhD) of Chemistry. In 2018 he started teaching Foundation Studies while working to develop the current Diploma chemistry subjects he continues to teach at UNSW College today.

“I really love science and chemistry. When I can help a student understand and then enjoy chemistry, I get to share one of my favourite things with them. Hopefully I can help students appreciate how awesome science and chemistry is.”

Mark Lewis  
Art & Design

Mark began teaching at the Australian National University in 2010 before living and teaching in several cities in China, including Tengzhou, Nanjing, Shanghai and Qingdao. Returning to Australia in 2016, he began teaching Academic English for Foundation Studies and now teaches a range of Art and Design subjects across both Foundation Studies and Diplomas at UNSW College.

“My favourite thing about being a teacher is being in a position to be able to help students to work towards their academic and career goals (no matter what they might be) and helping them to overcome challenges they may face in achieving this.”

*UNSW Global, now UNSW College. See back cover for more information
Get on track to study at university with a UNSW College Diploma. Study First Year level content and go straight into Second Year of an undergraduate degree in just 12-months. Plus, when you graduate, you will start your career with two world-class qualifications – a Diploma and a Bachelor’s degree.

You can choose to study a Diploma of Architecture, Business, Computer Science, Engineering, Media and Communications or Science.

Feel confident to start university
As a diploma student, you will study curriculum content equivalent to First Year at UNSW, with all content recognised by UNSW – so you’re learning the same as students in a first year degree program. You get more attention and support, so you can feel confident when it’s time to progress.

Advance directly to second year
If you just missed out on direct entry into UNSW Sydney and need some extra support, this program could be the best way to keep your university plans on track – without adding extra months or years on to your journey.

Get ready to succeed
You will have access to world-class UNSW facilities (like libraries, design studios, engineering and science labs), clubs and societies from day one, with the added support of UNSW College behind you. This means smaller class sizes with around 20 students per class, and personalised consultations with your teachers. You’ve got this!

Study a UNSW College Diploma

- Diploma of Architecture
- Diploma of Business
- Diploma of Computer Science
- Diploma of Engineering
- Diploma of Media and Communications
- Diploma of Science

Enter Second Year of a UNSW Bachelor’s degree

- Bachelor of Architectural Studies
- Bachelor of Interior Architecture (Honours)
- Bachelor of Landscape Architecture (Honours)
- Bachelor of Commerce
- Bachelor of Science (Computer Science)
- Bachelor of Engineering (Honours)
- Bachelor of Media
- Bachelor of Science
Help shape future communities by creating beautiful, practical and sustainable places and spaces — study architecture at UNSW.

Architects design buildings, spaces and outdoor areas where people live, work and play. A Diploma of Architecture gives you the right foundation for a rewarding career, where you will create spaces that improve lives, communities and the world we live in. You will learn about architectural design, history and communications, plus the science behind building sustainable environments.

And at the end of your Diploma you will go straight into Second Year of a Bachelor of Architectural Studies, Bachelor of Interior Architecture (Honours) or Bachelor of Landscape Architecture (Honours) at UNSW Sydney.*

*Note: Diploma of Architecture students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy subject and a pass for all other subjects with a minimum WAM of 50% to progress to second year of the relevant degree program at UNSW.

**Students wishing to progress to Bachelor of Landscape Architecture can only commence the Diploma in the January intake.

Your future at UNSW

When you progress to UNSW, you can choose a degree to prepare you for your future career.

**Bachelor degrees**

- Bachelor of Architectural Studies
- Bachelor of Interior Architecture (Honours)
- Bachelor of Landscape Architecture (Honours)

**Career opportunities**

- Architect
- Architectural Technician
- Building Surveyor
- Interior and Spatial Designer
- Landscape Architect
- Production Designer
- Town Planner

“I’m currently studying Diploma in Architecture and I’m loving it! I like how we get to learn and practise all the majors available for my bachelor’s degree next year, which gives me an idea of which major my interests and strengths align with. I do not have to worry about anything, since UNSW College has a dedicated team to advise and provide necessary help to students.”

Saif Rahman, India
Diploma in Architecture

*Current student of UNSW Diploma in Architecture, now known as UNSW College Diploma of Architecture. Please see back page for more details.

Get ready to change the world with a career in business. Study commerce at UNSW – one of the best universities for Business and Management in the world.

Learn skills you can use in any role, including how to manage people and lead change while building lifelong career connections at UNSW. A Diploma of Business will teach you how to analyse current global business challenges and recognise and jump on opportunities. Its innovative First Year curriculum will prepare you to choose the right major for you – whether that is a focus on data, people, or global markets. Your Diploma will also take you straight into Second Year of a Bachelor of Commerce at UNSW Business School. *

*Note: Diploma of Business students must achieve a Satisfactory Grade (equivalent to IELTS 7.0) for the Communication and Academic Literacy subject and a pass for all other subjects (with an overall average of 60% across all passed subjects) and a minimum WAM of 50% across all subjects, to progress to second year of the Bachelor of Commerce at UNSW. If you wish to study a major not on this list, you may be eligible to receive credit for subjects that are common.

Your future at UNSW

A Foundation Studies program is your supportive pathway to the First Year of your chosen UNSW degree. Our programs are designed to suit your academic and English skills, and prepare you for studying at university. Once you have successfully completed your Foundation Studies program, you will have a guaranteed* place at UNSW.

Flexible entry points
If you’ve just missed out on entry or need help meeting English and academic requirements for a Bachelor’s degree, our range of Foundation Studies programs is for you. The programs are tailored to different abilities so you can move at a pace that works for you – with the right support and flexibility to reach your study and career goals.

Be degree ready
A Foundation Studies program suits every career path. Do you want to study a degree in Architecture, Business, Cyber Security, Medicine, Quantum Engineering or any of our hundreds of other professional pathways? There’s a Foundation Studies program that will get you there. The content you study has been approved and developed in consultation with UNSW faculties so you will be prepared for your degree.

A supportive pathway
Enjoy a personalised learning experience with individual support from dedicated and experienced teachers. Plus regular feedback and ongoing assessments will keep you moving forward. Prepare to challenge yourself, get ready for life at UNSW and make lasting friendships along the way.

For more information, visit unswcollege.edu.au/study/foundation-studies-overview

*Note: students are guaranteed a place at UNSW where they meet the requisite GPA and Academic English score. For more information see page 72.
UNSW College provides students with a supportive learning experience through:

**Assisted learning**
- Small classes
- Personalised learning
- English language support

**Academic support**
- Online resources
- Continuous feedback
- Consultations
- Study Club

**Social support**
- Peer support
- Social clubs and societies
- Fun activities

**Challenge yourself**
Join us for Challenge Week - five action-packed days of academic, social and wellbeing activities to get involved with. Part of your Foundation Studies program, Challenge Week is a great opportunity to check your progress, build strong connections and get to know your local community. You will learn about yourself, your program and how to kickstart your exciting journey at UNSW.
Choose the right Foundation Studies program for you based on your English levels and academic skills.

To find out which program you’re eligible for, see page 60.

Get to where you want to be

Do you want to change the world through science, technology, innovation or design? Maybe you’re dreaming of a career in engineering or running your own business? Choose the stream that will get you there.

A stream is the area of study that will help you prepare for the UNSW Bachelor’s degree you want to complete. If you’re planning to study a Foundation Studies program, you will need to choose the stream which aligns to your preferred degree.

Which stream is right for you?

**Arts & Social Sciences**

This is your stream for a degree in:
- Arts
- Criminology
- Education
- International Studies
- Media
- Social Science

This stream will cover subjects such as:
- Academic English
- Computing
- Culture & Communication
- International Issues
- Management
- Maths

**Commerce or Actuarial Studies**

This is your stream for a degree in:
- Accounting
- Actuarial Studies
- Economics
- Finance
- International Business
- Marketing
- Some Law degrees

**Design & Architecture**

This is your stream for a degree in:
- Architectural Studies
- Arts
- Construction Management & Property
- Design
- Fine Arts
- Industrial Design
- Interior or Landscape Architecture
- Media

This stream will cover subjects such as:
- Academic English
- Computing for Design
- Culture & Communication
- Design
- Maths

**Physical or Life Science**

This is your stream for a degree in:
- Biomedical Sciences
- Engineering
- Medical Science
- Medicine
- Psychology
- Science
- Technology

This stream will cover subjects such as:
- Academic English
- Biology
- Chemistry
- Computing (programming)
- Maths
- Physics

For more information, visit [unswcollege.edu.au/study/foundation-studies-overview](http://unswcollege.edu.au/study/foundation-studies-overview)

For a full list of degree programs and entry requirements, see page 52.

If you would like advice on which stream to choose for your preferred degree program, contact UNSW College Admissions at [admissions@unswcollege.edu.au](mailto:admissions@unswcollege.edu.au)
Academic English

Build your English skills and succeed at university
Our Academic English programs are designed to help you build and strengthen your English skills before you start your university journey.

**Something for everyone**

These courses are suitable for various English levels and help develop your academic language skills quickly. The range of courses also helps you prepare for the study path you want to take.

**Prepare for the next step**

These flexible courses will help you meet English entry requirements for one of our pathway programs or a UNSW degree.

**Supportive, practical and engaging**

Learn English at your level in small classes with lots of support, regular feedback and assessments. Award-winning and industry-leading teachers will help you develop critical thinking skills through engaging and interactive classes.

**Which English Program is right for you?**

Achieve your English goals and get into the diploma or degree you want in 20 weeks or less with UEEC. Be among the 95% of UEEC students who progress to UNSW.

With UEEC you will:
- improve your academic English language, writing and digital skills
- progress straight to a Diploma or UNSW degree when you complete UEEC successfully
- feel confident and ready to study at university
- learn content based on UNSW lectures and readings
- develop collaborative and independent learning skills
- receive individual feedback so you keep getting better.

Learn to:
- give academic presentations
- contribute effectively and confidently to discussions
- read university-level texts
- develop independent learning strategies
- use established academic rules and principles
- understand lectures, discussions and media reports.

For course entry requirements, dates and fees see pages 60, 66 and 68.

Improve your English language skills before starting your Foundation Studies program.

With FEEC you will:

- progress into your chosen Foundation Studies program when you successfully complete FEEC
- learn from qualified and experienced teachers
- make new friends
- get personalised one-on-one support
- develop new skills with additional communication and writing workshops
- build your vocabulary with weekly reading and listening tasks.

For course entry requirements, dates and fees see pages 62, 66 and 68.

Learn to:

- present, discuss and contribute to group work
- take notes in lectures
- read academic texts and develop research skills
- write in an academic tone
- use the appropriate grammar and pronunciation
- develop independent learning strategies.

Tertiary Orientation Program

Get a head start for your studies at UNSW

Feel prepared for studying at UNSW and build confidence in your English ability with the Tertiary Orientation Program. Designed for students with a full offer to UNSW or with an IELTS of 6.5, develop academic communication and literacy skills related to your field of study. Over five weeks, you learn how to use academic search tools and the UNSW portal while building your confidence in managing assignments. Immerse yourself into life at UNSW and Sydney, learn about Australian university culture, meet friends, discover UNSW clubs and societies, and feel fully prepared to start your university degree.

For more information, visit unswcollege.edu.au/study/tertiary-orientation-program
Essential Academic English

Improve your English before university

Prepare for UEEC or FEEC with Essential Academic English (EAE). Develop your academic reading, writing, speaking and thinking skills and improve your pronunciation and critical thinking skills over 10 weeks. Get familiar with real UNSW course materials and learn from leading professionals. With a better understanding of the basics, you’ll be ready to continue on your learning path with UNSW.

For more information, visit

unswcollege.edu.au/study/essential-academic-english

“The Academic English programs really helped me with developing my study skills. I learnt about the best way to format notes in lectures and how to succeed at my current undergraduate degree at UNSW.”

Meiwei Chen, China
Academic English Programs
Current student at UNSW Sydney

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more details
At UNSW College, every application we receive is carefully considered. Students will receive an offer to the relevant program based on their academic and English test results.

---

**Note:**
- There may be specific subject requirements, depending on your intended degree program; for example, a minimum grade in mathematics and/or science subjects may be required.
- To be eligible for entry, students must be at least 16 years of age at the time of commencement.
- Where students do not have their final results from their Year 11 or Year 12 studies, forecast (Semester 1) results are accepted in most cases.
- Foundation Studies programs are primarily designed for students with an international background and English language studies are included in the program.
- Australian citizens and permanent residents can apply for University English Entry Course, but cannot apply for a Diploma.

For more information and the most up-to-date entry requirements, visit [unswcollege.edu.au/study/entry-requirements](http://unswcollege.edu.au/study/entry-requirements)

*From 2017 some GCSE results will be graded from 9 to 1*

Before starting a UNSW degree or a UNSW College Diploma, you will need to have reached a minimum level of English language proficiency. If you have other English qualifications to the ones listed below, you may still apply to enter these programs. Contact admissions@unswcollege.edu.au for more information.

Depending on your level of English, you may need to study an Academic English program. This may consist of between 10 and 30 weeks of additional English language tuition in our University English Entry Course and Essential Academic English course.

The entry requirements listed are a guide only and are subject to change.

English entry requirements for Foundation Studies

Before being accepted into Foundation Studies program you will need to have reached a minimum level of English language proficiency. If you have English qualifications other than those listed below, you can still apply to enter these programs. Contact admissions@unswcollege.edu.au for more information.

Depending on your level of English, you may need to study an Academic English program. This may consist of between 10 and 20 weeks of additional English language tuition in our Foundation English Entry Course and/or Essential Academic English course. The entry requirements listed are a guide only and are subject to change.

Entry requirements

For Pre-Masters

**Pre-Masters (Information Technology)**
(Leading to 8543 – UNSW Master of Information Technology)

Successful completion of a recognised bachelor’s degree equivalent to an Australian degree in a STEM discipline or cognate discipline with a minimum 50% average overall*, including a minimum 50% average in at least three mathematics subjects.

**Pre-Masters (Engineering)**
(Leading to 8621 - UNSW Master of Engineering or 8338 - UNSW Master of Engineering Science)

Successful completion of a recognised 4-year bachelor’s degree equivalent to an Australian degree in Engineering in a cognate discipline with a minimum 50% average overall*, including a minimum 50% average in at least three mathematics subjects.

OR

Successful completion of a recognised 3-year bachelor’s degree equivalent to an Australian degree in Engineering Science in a cognate discipline from a university accredited under the Washington Accord with a minimum 50% average overall*, including a minimum 50% average in at least three mathematics subjects.

*Note: For qualifications awarded outside Australia, equivalencies and entry requirements are determined based on the country, institution, and qualification. Please contact admissions@unswcollege.edu.au for further information.
English Language Entry Requirements

UNSW College accepts a number of English language qualifications to meet our English language requirements provided you completed the test no more than two years before the intended start date.

Note: All Diploma program fees listed include fees for Communication and Academic Literacy (CAL) which is a mandatory subject in all Diploma programs. Fees listed in this guide are indicative tuition fees approved for the 2025 calendar year intake, and are for tuition only - other fees and charges are not included. Fees listed in this guide are subject to change. All updates to fees are effective from the start of each calendar year. All fees mentioned in this guide are in Australian Dollars.

For more information on non-tuition fees, visit [unswcollege.edu.au/apply/fees](http://unswcollege.edu.au/apply/fees)
UNSW College is dedicated to supporting your studies and rewarding your ambition. If you have a strong academic record, you may be eligible for one of our scholarships. We offer scholarships for high-achieving international students – providing some extra support with funding your pathway into UNSW Sydney.

**Scholarships, rewarding motivation to succeed**

**Regional Merit Scholarship**
If you’re an outstanding new international student wishing to study Foundation Studies or a Diploma program at UNSW College and demonstrate your commitment to cultural advancement, sporting achievements, or community leadership, the Regional Merit Scholarship that awards up to A$40,000 may be for you.

For more information, visit unswcollege.edu.au/2024-regional-merit-scholarship

**Academic Scholarships**
Everyone is eligible for UNSW College Pathway Scholarship consideration; there is no separate application. If you apply for Foundation Studies or Diploma, you are automatically in the running, based on academic results.

For more information, visit unswcollege.edu.au/apply/scholarships

**Pre-Masters Scholarship**
If you’re a high-achieving international student wishing to study a Pre-Masters Program, this merit-based scholarship that rewards your talents and offers up to AU$5,000 towards your tuition fees might be for you.

For more information, visit unswcollege.edu.au/2024-pre-masters-scholarship

Note: Terms and conditions apply. Students studying Academic English and/or the Transition program are not eligible for UNSW College scholarships. UNSW College reserves the right to, at any time, remove scholarships, reduce the value of individual scholarships, or cease its offering of scholarships without prior notice.
How to apply

➤ Step 1 – Choose your degree
Choose your UNSW Sydney degree, so you can work out which stream you will study with us. For more information, visit unswcollege.edu.au/study/progression-to-unsw-sydney To use our handy pathway finder tool, visit: unswcollege.edu.au/study/pathway-finder

➤ Step 2 – Check entry requirements
Choose a UNSW College course or program based on the below entry requirements.

- Academic entry requirements, on page 52
- English entry requirements, on page 60

➤ Step 3 – Prepare your documents
You will need certified copies of the following:

- Academic qualifications (translated into English)
- Evidence of English language proficiency (if applicable)
- Proof of identity; this may take the form of one of the following documents:
  - Current passport with photo page (for students who are outside of Australia at the time of application)
  - Current passport and visa (for students who are already in Australia and/or who already have a current visa for Australia)
  - Birth certificate (only for students who were born in Australia and currently reside in Australia)

➤ Step 4 – Apply online
Scan the QR code below to apply online, alternatively if you want to study a Diploma, Foundation Studies, Academic English, or Pre-Masters Program, visit unswcollege.edu.au/apply/how-to-apply

➤ Step 5 – Accept your offer
If your application is successful, you will receive a Letter of Offer with instructions on how to accept your offer and pay your deposit or fees.

➤ Step 6 – Apply for your visa
Once you accept your offer, you will receive a CoE - Confirmation of Enrolment (applies to international students only). The CoE is required by the Department of Home Affairs for the purpose of applying for a student visa. For more information on how to apply for student visa, visit immi.homeaffairs.gov.au/visas/getting-a-visa/visa-finder/study

➤ Step 7 – Attend orientation and start your studies
It is compulsory to attend the orientation, as it includes resources, events and information sessions designed to get you ready and set up for day one of your journey with UNSW College. You will receive information about your orientation session by email. More information about orientation is available at unswcollege.edu.au/experience/orientation

For more information on how to apply, visit unswcollege.edu.au/apply/how-to-apply

Note: If you’re under 18 years old, you will need additional documents. Read more at unswcollege.edu.au/experience/under-18-care
Progression to UNSW Sydney

Once you successfully complete a Foundation Studies program, Diploma or a Pre-Masters Program and meet the specific entry requirements, you will progress straight into your chosen degree at UNSW Sydney.

Foundation Studies GPA

You will need to decide which UNSW degree program you would like to study when you are applying for a Foundation Studies program. If accepted, you will receive an offer for your UNSW College program and a provisional offer for your UNSW degree. Once you have completed your Foundation Studies program and achieved the entry requirements, you will receive a full offer from UNSW and progress to your degree!

### Pre-Masters Students

For the most up to date information, visit [unswcollege.edu.au/study/progression-to-unsw-sydney](http://unswcollege.edu.au/study/progression-to-unsw-sydney)
Additional entry requirements

In addition to meeting the academic entry requirements, other selection criteria may apply before you can progress to UNSW. To view conditions and/or prerequisites, visit unswcollege.edu.au/study/progression-to-unsw-sydney

Students who become Australian permanent residents or Australian citizens during a diploma program will be subject to additional competitive processes for entry to a UNSW degree program.

UNSW undergraduate entry requirements for diploma students

Diploma of Business students must achieve a Satisfactory Grade (equivalent to IELTS 7.0) for the Communication and Academic Literacy subject and a minimum pass for all other subjects (with an overall average of 60%) to progress to Second Year of the Bachelor of Commerce at UNSW.

Diploma of Computer Science, Engineering and Science students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy subject and a minimum pass for all other subjects to progress to Second Year of the relevant degree program at UNSW.

Diploma of Architecture students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy subject and a minimum pass for all other subjects to progress to Second Year of the relevant degree program at UNSW.

Students will undertake eight subjects in total, including seven core or prescribed subjects, one faculty elective and one general education elective (Communication and Academic Literacy subjects).
Diploma of Media and Communications students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy subjects and a minimum pass for all other subjects to progress to Second Year of the relevant degree program at UNSW. Students will undertake eight subjects in total, comprising of seven disciplinary subjects in media and one general education elective (Communication and Academic Literacy subject). Students who successfully complete a Diploma of Media and Communications, will be able to progress to the Second Year of study at UNSW Sydney in the Bachelor of Media degree, in one of the following specialisations:

- Cinema Studies
- Communication and Journalism
- Media Studies
- PR and Advertising
- Screen Production

**Foundation Studies students**

Students are assessed throughout each subject using assignments, tutorials and laboratory sessions, semester examinations and final examinations. Students must meet the required Grade Point Average (GPA) in order to progress to a Bachelor degree at UNSW. For information on how to calculate your Foundation Studies GPA, visit

[unswcollege.edu.au/study/calculating-your-grade-point-average](http://unswcollege.edu.au/study/calculating-your-grade-point-average)
