UNSW is a member of the prestigious coalition of Australia’s leading research-intensive universities.
Discover the possibilities with UNSW College

Our market-leading diplomas are here to help you follow your interests, and progress into the degree of your choice.

Why choose a UNSW College Diploma program?

✓ Progress straight to University*
✓ Advance straight to second year of your chosen Bachelor’s degree at UNSW Sydney with our diplomas
✓ When you study our Diploma programs you will learn university level curriculum from day one
✓ Ideal learning environment
✓ Support where you need it most
✓ Leading academics and student mentors
If you’re a high-achieving student with big goals to study at university, a Diploma can get you there. This 12-month program in Architecture, Business, Computer Science, Engineering or Science will launch you straight into second year of your chosen undergraduate degree.

Equivalent to first year
As a Diploma student, you will study course content equivalent to your first year of university, with all content recognised by UNSW – so you’re learning the same as students in a first year degree program. You get more attention and support, so you feel confident when it’s time to progress.

Direct path to second year
If you just missed out on direct entry into UNSW and need some extra support, this program could be the best way to keep your university plans on track – without adding extra months or years on to your journey.

Supported and ready to succeed
You will have access to world-class UNSW facilities (like libraries, design studios, computer, engineering and science labs), clubs and societies from day one, with the added support of UNSW College behind you. This means small class sizes with up to 18 students per class, and personalised consultations with your teachers. You’ve got this!
