Student visa requirements & care arrangements
Section 1

Visa requirements for Under 18 students

Under 18 (U18) students applying for a student visa in addition to providing a valid Confirmation of Enrolment (COE) from their Education Provider must demonstrate that they have adequate welfare arrangements in place.

How can U18 students satisfy this requirement?

Students can choose from two available options:

Option 1
Request that their Education Provider takes on the responsibility for the student's welfare arrangements. This includes provision of accommodation and welfare monitoring and support for an U18 student. This means the provider must issue Confirmation of Appropriate Accommodation and Welfare (CAAW). Students who are issued with CAAW by UNSW College must live in UNSW approved accommodation as well as pay a CAAW administration fee and weekly welfare monitoring fees.

Option 2
Nominate a parent, legal custodian or a relative over 21 to be a student guardian. Students choosing this option must apply directly to Department of Home Affairs for approval. The student’s guardian is required to have a valid visa to lawfully reside in Australia and student must live with the guardian. (No CAAW is required if the student is choosing this option).

For more information about U18 students visa requirement refer to the Department of Home Affairs (DHA) website.

U18 Students who have been issued with Confirmation of Appropriate Accommodation and Welfare (CAAW) are automatically enrolled in UNSW College U18 Care Program. As part of this program, U18 students are offered a range of support. Students must also follow certain rules which have been put in place to ensure that they have a safe and rewarding study experience.

Supports that are offered to U18 students:

Regular meetings with Student Advisers
Student Advisers will discuss with students all matters related to their studies, their health and wellbeing, social life and accommodation. These meetings are also an opportunity for students to ask any questions or raise any concerns they may have. Student Advisers can also refer students to other support services such as doctor or a counselor. Student Advisers work closely with academic and student accommodation providers.

Accommodation assistance
U18 Students issued with CAAW can only stay in Accommodation approved by UNSW College. However, if students are not satisfied with their current accommodation or are experiencing any issues, our Accommodation Team can assist in resolving those issues and if required, assisting with changing accommodation.

Transition to UNSW process
U18 students who remain U18 at commencement of their UNSW program will be provided with assistance with planning for the gap between programs, securing approved accommodation for the commencement of University and providing students with information regarding any seminars they need to attend before commencing at UNSW as an U18 student.

After hour emergency support
All U18 students can access support during business hours and also after hours. Students requiring emergency support after hours are advised to contact their accommodation provider emergency number. If the matter is serious, the accommodation provider will contact a member of the UNSW College Student Support team who is on call, so comprehensive support can be provided to the student in need.
Section 4
For parents

We understand that sending your child overseas to study, particularly while they are still under 18, is very exciting but can also be stressful. This is why we have a dedicated Student Support team to provide care and support to our students and assist parents with necessary information and advice.

We value the opportunity to communicate with parents of our U18 students. There are opportunities for parents to meet with the Student Support team both in a group setting as well as individually.

Supports that are offered to parents

Parent information sessions
All parents of U18 students are invited to attend a ‘Parent Information Session’ together with our Student Support team and our Academic Heads. The purpose of this session is to inform parents about their child’s learning journey as well as academic and welfare support offered throughout their program. During this session, parents have the opportunity to ask questions.

Liaising with parents
Student Advisers will liaise with parents regarding important matters related to student’s course progress and attendance as well as any health and welfare related issues and accommodation matters. Parents wishing to contact Student Advisers should email: student.support@unswcollege.edu.au
